CLASS RECEPTION.

Very Pleasant Affair at the Reighard
Home Monday Night.

The Junior reception given to the
members of the class of '05 at the home
of Miss DeKite Reighard, last Monday
evening, was a decidedly successful and
enjoyable affair. The reception hall
which was presided over by Miss Maggie
Joy, was attractively decorated with the
Junior Class colors. The other apart-
ments were draped with the class colors
of the Seniors and therein were mingled
the members of both classes, who enjoyed
the kindly attention of the hostess. The
evening opened with a few selections by
the Miller orchestra after which followed
a number of miscellaneous games and
amusements. The refreshments were
served in an attractive manner and were
of delicious quality.

As the guests departed, at a late hour,
they were all assiduous, and sincere
in their assurances, to the hostess that they
had spent a most delightful evening.

Coal, Coal.

Leave orders for prepared Canon, just
the fuel for summer use, \$5.50 per ton.
E. E. SMITH.

SPECIAL SPRINKLING RATES.

The Water Company, recognizing the
necessity for advantageous and low
sprinkling rates during the summer
months, has decided to announce the fol-
lowing special rates for the months of May,
June, July, August and September, 1905.

On all meter service used for sprink-
ling lawns, gardens and trees the meter
rate will be reduced 20 per cent during
the above named months. The price
thus charged is substantially the cost of
the service and is offered because we
have been urged to encourage the more
extended use of water for sprinkling pur-
poses. The sprinkling rate now in force
when meters are not used cannot be re-
duced for the reason that the quantity of
water used within the hours and subject
to the regulations now in force is within
the control of the user.

For the reason that this reduction is ex-
perimental on the part of the Company
and the increased use of water not yet ac-
curately ascertained, this reduction must
be temporary and confined to the months
above named.

The Company hopes by this step to en-
courage the preservation and beautifying
of the lawns in the city and overcome an
existing reluctance to abundantly use
water for that purpose.

W. WATSON, Superintendent.

Woodmen Attention.

At our last meeting an amendment to
our by-laws was adopted changing our
meeting nights from the 1st and 3rd Fri-
days of each month to the 1st and 3rd
Tuesdays of each month, beginning
with June 1905. Please note change and
govern yourself accordingly.

Fraternally,

J. B. MARTIN, Clerk,
Dodge City Camp No. 1809 M. W. A.

WATER WORKS QUESTION

Was the Bill at Last Night's
Council Meeting.

PROPOSITION WILL BE MADE

By Present Water Company to
Give Better Service and
Adjust Rates.

The Dodge City Water and Light
Company seems to have realized fully at
last that any old kind of service will not
fill the bill here at present or in future.

Representatives of the company at-
tended a meeting of the City Council
last night. The representatives were
banded under a white flag and their
mission appeared to be to ascertain
whether or not peace measures would be
met half way or even at a further range
by the city.

The mayor and council gently as pos-
sible conveyed the tidings to the water
company's representatives that the city's
faith in the company was not as strong
as it might have been under conditions of
better service and a reasonable fire pro-
tection.

The company representatives entered
into the heart to heart discussion of pre-
sent conditions. They admitted that the
town had out grown the water service.
(This has been admitted by the citizens
for several years.) Now, they claim, the
company is ready to put in enough new
machinery and new pipes to make the
service adequate and acceptable; also
that the company is ready to readjust the
rates to a scale that will be proper and
just.

Mayor Hoover told the representatives
that the old contract with the company
is generally looked upon by the citizens
as a corpse. That public sentiment had
long ago attended its funeral, and that a
monument to the folly of the past had
been erected over its remains.

As a result of the conference the Water
company's representatives were informed
by the mayor and council that the pre-
sent sentiment among Dodge City tax-
payers seems to favor the building of a
new plant by the city. The company was
invited to furnish the council with a
plain proposition as to what improve-
ments it would make, and its best scale
of rates on good water service, adequate
fire protection, and street lighting. A
definite proposition is to be furnished the
council at its next meeting, on May 31.

Mr. Theis who is interested in Dodge
City in other ways, is said to hold the
controlling interest in the water works
company. He was present at the council
meeting last night and stated that he was
ready to expend a large sum of money
in improving the water service, believed
that he could furnish a first class service
at a rate which would make it to the in-
terest of the citizens of Dodge City to
accept.

The council seems to have a strong de-
termination to move with the utmost
caution in the water works question, so
that no step will be taken which will
ever be regretted by either themselves
or the citizens they represent.

Notice.

The city council has passed a resolution
to accept \$2.50 cash for full amount of
road tax \$3.00, providing the same is
paid in to street commissioner or city
treasurer on or before June 1.

S. GALLAGHER, City Clerk.

PAINT,

DO YOU PAINT,

CAN YOU AFFORD TO PAINT

with any other paint when you can get
our paint for \$1.08 per gallon. We
are closing out a mixed lot of Ruchter's
and Hammars Paste Paints so that it
will net you \$1.08 per gallon. This is
almost like giving it away and the offer
will last but a few days.

CITY DRUG STORE

RATH & BAINBRIDGE.

FIRST WEEK IN AUGUST

Fair and Reunion Will be Held
the Same Week.

BOTH GOOD ATTRACTIONS.

Will Draw Crowd to Dodge
City. Programs Not Yet
Complete.

The fair and reunion committees have
come to an agreement which will make a
big meeting for Dodge City. It has been
definitely decided to hold both meetings
during the same week under arrange-
ments which will not allow one meeting
to conflict with the other.

The date will be the first week in
August unless the reunion people find it
impossible to secure tents for that week
on account of other reunions, and this is
not likely to happen.

During the last three days of the week
there will be no reunion meetings during
the afternoon and the racing program at
the track will be the whole thing.

One advantage in this year's meeting
will be the chance for people of the sur-
rounding counties to camp at the park
during the week and attend both the re-
union and the fair. Other years they
have had to make two trips or miss one
of the meetings.

The reunion association is preparing
to secure some eminent men from out-
side of the state as a drawing card. The
names of these men will be announced
later.

The fair management will soon have
the list of purses made up and definite
announcements for the meeting.

A preliminary meeting will also be
given by the fair association on July 4,
at which time there will be a good rac-
ing program.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets.
All druggists refund the money if it fails
to cure. E. W. Grove's signature is on
each box. 25c.

Sealed Bids Wanted.

Carpenters and builders are hereby
notified that sealed bids for the construc-
tion of a county pest house will be re-
ceived by the county clerk at his office in
Dodge City, Kansas, on and prior to June
5, 1905, at 9 o'clock a. m. Plans and
specifications for said proposed building
may be seen at county clerk's office.
The board of commissioners reserve the
right to reject any or all bids.

S. H. CONNWAY, County Clerk.

Saved by Dynamite.

Sometimes a flaming city is saved by
dynamiting a space that the fire can't
cross. Sometimes a cough hangs on so
long, you feel as if nothing but dynamite
would cure it. Z. T. Gray, of Calhoun,
Ga., writes: "My wife had a very ag-
gravating cough, which kept her awake
nights. Two physicians could not help
her; so she took Dr. King's New Dis-
covery for Consumption, Coughs and
Colds, which eased her cough, gave her
sleep and finally cured her." Strictly
scientific cure for bronchitis and La
Grippe. At Rath & Bainbridge drug
store, price 50c and \$1.00, guaranteed.
Trial bottle free.

Memorial at Fort Dodge, Kansas.

There will be preaching at the chapel
Sunday morning, May 28th by Rev. F. H.
Poore of Preston, Kansas, services com-
mencing at 11 o'clock sharp. Memorial
Day oration will be delivered at the hall
by Father Thien of Wichita at 2:00
o'clock p. m. The committee on program
request that our comrades, their wives
and children attend each of these ser-
vices en masse. Both of our speakers
are men of recognized ability and the ad-
dress of each will be patriotic, entertain-
ing and instructive. Memorial Sabbath
is being made obligatory by both state
and national requirement. It is a day in
which to commemorate the fact that we
are a united people and a prosperous
nation. With no north, no south, no
east, nor west. Our motto is "The
Union forever." The clamor of war no
longer burden our ears or make our
hearts sad except in the memory of
the departed.

On Memorial day the living will be-
dew with tears and bedeck with flowers
the graves of those who no longer listen
to the drum beat or bugle call to mortal
strife that made possible the nation we
are today. How important then, that
we as comrades and mothers, teach the
children by precept and example how to
be a citizen in a republic like ours, the envy
of nations. It is the home training and
under the parental roof where human
character is formed and stamped with
the seal of destiny. What sculpture is
to a block of marble example is upon the
human soul. The sculptor may chisel
the marble block into graceful propor-
tions and give to it the semblance of
life. The artist may paint upon canvas
the lineaments and features of the hu-
man form and give to it the semblance
of grace and beauty, but parents do more
than sculptor or artists. They stamp their
own life and character upon human souls
and human intellects. The wisest and
best men in the annals of history have
attributed their success in life to their
home training. Others have said "all
that I am my mother made me." Par-
ents in Fort Dodge, see to it that your
children honor the name you bear as in-
mates of the Kansas State Soldier's
Home. The privileges that they and
you enjoy were purchased with the life
blood of the nation. Teach them to honor
our flag, our state and our public insti-
tutions. By order of

J. W. COREY,
A. GASKILL,
D. D. ROSE,
Committee.

Avoid the Cheap and "Big Can" Baking Powders.

The cheap baking powders have but
one recommendation; they certainly
give the purchaser plenty of powder for
his money. These powders are so care-
lessly made from inferior materials that
they will not make light, wholesome
food. Further, these cheap baking pow-
ders have a very small percentage of
leavening gas; therefore it takes from
two to three times as much of such bak-
ing powder to raise the cake or biscuit as
it does of Calumet Baking Powder.
Therefore, in the long run, the actual
cost to the consumer of such powder is
more than Calumet would be. Cheap
baking powders leave the bread some-
times bleached and acid, sometimes yel-
low and alkaline, and always unpalatable.
They are never of uniform strength and
quality.

Why not buy a perfectly wholesome
baking powder like Calumet, that is at
the same time moderate in price and one
which can be relied upon? Calumet is
always the same, keeps indefinitely and
gives the cook the least trouble.
